

## ASKS INFORMATION OF THE PRESIDENT

### SENATOR MORGAN TALKS AGAINST SECRECY.

**He Thinks Congress is Entitled To Have All the Facts in Relation to the Trial of the Crew of the Competitor—In the House—News of the Capital.**

Washington, June 6.—Senator Morgan, in the senate Friday, sharply criticised the course of the president in the competitor matter in the course of a speech on his resolution calling upon the president for information as to the capture of the Competitor by a Spanish warship and the condemnation to death of United States citizens and as to whether any demand has been made for the release of the United States citizens.

Senator Morgan read the statutes requiring the president to make a demand for the release of an American citizen. He argued that it was the duty of the president to keep congress advised on the state of the union, and in particular on foreign affairs. The senator said he did not want congress to leave Washington, thus committing to the president the sole authority to demand or withhold a demand for the release of American citizens, to recognize or withhold recognition of belligerency.

"In the event that those American prisoners were not released and delivered to the president," concluded Mr. Morgan, "we should authorize the president to send ships of war to Cuba and make war sufficient to secure their release."

As Mr. Morgan closed Mr. Sherman rose quickly and stated that the proceedings were of such a character as to come within senate rule 35, requiring secrecy. Thereupon the presiding officer, Mr. Platt, directed the galleries to be cleared and the doors closed. At 1:15 the open session was resumed and Mr. Lodge moved to take up the immigration bill. On a ye and nay vote many senators refrained from voting, breaking a quorum.

On an explanation by Mr. Lodge that if the bill was taken up he would not urge it at once, the obstruction was withdrawn and the immigration bill was taken up and made the unfinished business without division. Mr. Lodge agreed to allow it to be laid aside temporarily, and Mr. Mitchell spoke on his resolution for the election of senators by vote of the people.

Mr. Chandler opposed the election of senators by the people, declaring it to be a concession to populist tendencies.

Mr. Palmer, in responding to a suggestion of Mr. Chandler that he (Palmer) might not be returned to the senate, asserted that new issues had arisen since his former election after a popular canvass. He had, he said, played his part in states and national affairs and at all times he had insisted on acting as a free man. Mr. Palmer went on to show that a most salutary result from the popular election of senators would be freedom from machine control.

Mr. Hawley (rep., Conn.) opposed the change, after which, at the request of Mr. Mitchell, the second Monday of December next was fixed for considering the subject.

### IN THE HOUSE.

#### Resolutions Adopted Calling for Statement of Removals from Office.

Washington, June 6.—In order to circumvent Mr. Kem (pop.) of Nebraska, who has been blocking all unanimous consent legislation in the house for over two weeks, Mr. Henderson (rep.) of Iowa, from the committee on rules, presented a special order, making to-day individual suspension day. This rule was adopted without division. There has been tremendous pressure from members for recognition to pass bills of local importance, and this order will give them the opportunity.

Mr. Grosvenor (rep.) of Ohio called up his resolution requesting the President and the several cabinet officers for a detailed statement of the removals from office since March 3, 1893, and the appointments since that date, together with the number of ex-soldiers who have been appointed, promoted, reduced or removed.

The resolution was adopted—147-48.

After Mr. Mercer (rep., Neb.) had secured unanimous consent for the consideration of a bill appropriating \$200,000 for a trans-Mississippi international exposition and Mr. Kem (pop., Neb.) had objected to the request Mr. Moody (rep., Mass.) called up the contested election of Rinaker vs. Downing from the 16th Illinois district. Mr. McMillin (dem., Tenn.) appealed for more time, saying that all the minority members of the committee were ill. Only three republicans—Evans (Ky.), Moody (Mass.) and Sherman (N. Y.)—voted with the democrats against the resolution. Mr. Rinaker was escorted to the bar of the house by Mr. Cook (Ill.), where the oath was administered to him.

### AGAINST SENATE BOND BILL.

House Report Signed by Eleven Republicans and Two Democrats.

Washington, June 6.—Chairman Dingley of the house ways and means committee made the report to the house on the senate resolution to prohibit the issue of bonds without authority from congress. The statement is signed by the eleven republican members and two democrats, Turner of Georgia and Cobb of Missouri, who concur in the recommendations without endorsing the argument. The report says in part:

"Our criticism of the secretary is not that he has used the redeemed United States legal-tender notes to meet the deficiency in the absence of revenue and authority to borrow for the distinct object, for no other resource has been open to him unless the government was to stop, but that the administration and secretary have refused to recognize the fact that the revenue has been and still is insufficient to meet the expenditures and have discouraged all steps to provide sufficient revenue, thereby practically insisting on a continuation of the conditions which made it necessary to indirectly use for current expenses the proceeds of bonds sold for redemption purposes."

"Practically, therefore, the senate bill takes away from the secretary the power to borrow either gold or silver to maintain the coin-redemption fund, in the face of the fact that the government owns only 287,000,000 of silver dollars and a little over \$100,000,000 of gold that can be used for redemption purposes, which fund would disappear in a very brief period if it should be understood that the power to borrow in an emergency had been abrogated. The inevitable result of such a reckless course would be repudiation by the government, depreciation of the currency and such a panic in the country as was never before experienced."

### NO COMPROMISE DESIRED.

Ex-Congressman Bryan Says the Convention Will Declare for Silver.

Omaha, Neb., June 6.—A delegate from one of the southern states to the Chicago convention inquired of ex-Congressman Bryan if he would consent to a compromise on the silver question by that convention, to which Mr. Bryan replied:

"No compromise on the silver question is either to be desired or tolerated. Every state which has declared for silver has adopted a platform which declares for the free and unlimited coinage of both gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation on earth, and this will be the substance of the Chicago declaration. The silver democrats have fought against great odds. They have had to contend against 'the world, the flesh and the devil,' but they have won the fight. The success of our cause is due to the support it has found among the common people, and any attempt to modify or weaken the position already taken in the silver states would rob the campaign of its enthusiasm and subject the delegates to the charge of having betrayed their constituents."

### NONE BUT SILVER MEN.

West Virginia Democrats Show a Large Majority for White Metal.

Parkersburg, W. Va., June 6.—The democrats of West Virginia are, by a very large majority, in favor of the free-silver policy. County after county has declared for absolute free coinage, and many of them have directed the delegates to the state nominating convention to vote for no one for state officers or delegates to Chicago except pronounced free-silver men.

The majorities for free silver in the county conventions, as a rule, are very large, in some counties the vote being almost unanimous. Ex-United States District Attorney Watts is one of the leading candidates for governor, but he has been given to understand that unless he comes out flat-footed for free silver he will be dropped.

### Blackburn's Boom Thiving.

Lexington, Ky., June 6.—When Senator Blackburn left for Washington last night he had a large-sized presidential boom in his pocket. The senator, although waited on by J. H. Ricker, Bland's emissary, and W. J. Bridges, the emissary of Matthews, each of them carrying letters of recommendation from their respective leaders, has steadfastly refused to make any promises looking toward the switching of Kentucky's strength to any presidential aspirant. The Kentucky leaders claim that Blackburn is entitled to the presidential nomination and they intend to push his boom for all they are worth.

### Walling Trial Moves Slowly.

Newport, Ky., June 6.—The trial of Benson Walling for the murder of Pearl Bryan is lagging, and will occupy the same or more time than that of Scott Jackson at the present rate. Col. Washington made a motion yesterday to exclude the evidence of Reporter Edward Anthony on the grounds that the statements he secured from the defendant were obtained under duress and while the defendant was under arrest, and hence incompetent testimony. Judge Helm overruled the motion of exclusion and Anthony's testimony will stand.

### Adopt a Free Silver Platform.

Clarksburg, W. Va., June 6.—The democratic county convention held to select delegates to the various state and district conventions adopted an uncompromising free-silver platform, and gave ironclad instructions to all delegates selected to vote at no convention for any man for office who does not publicly declare for the free and unlimited coinage of silver.

## THE TRADE REVIEW BY DUN & COMPANY

### BUSINESS AWAITS ACTION AT CONVENTIONS.

**Factories and Mills are Holding On With Confidence—Gold Exports No Longer Cause Alarm—The Failures of This Year and Last Are Compared.**

New York, June 6.—R. G. Dun & Co.'s weekly review of trade says: "It is highly suggestive that, with as little help as there is now from new business, markets are so nearly maintained. Summer is close at hand, and with new crops promising well and old stocks large, it is no wonder that the farm products are cheap. The factories and mills are still waiting for the rush of business seen last year, and in spite of narrow orders at present are generally holding on with much confidence. It is so late that gold exports no longer alarm, for the date of expected returns draws near."

"The opinion gains ground that more active business is to be expected after the conventions have been held and the safety and the sufficiency of the crops have been assured. Low prices at this season affects farmers very little."

"The decline in wheat and cotton has helped in marketing the surplus, so that exports have been more liberal. From the Atlantic ports there were 2,227,411 bushels of wheat for the week, flour included, against 1,555,308 bushels last year; while Western receipts—2,006,475 bushels, against 1,726,457 bushels last year—increased much less than heretofore. Estimates entitled to most confidence point to a probable yield of 500,000,000 bushels of wheat, which, with the stock carried over, will carry away any danger of oppressive charges for breadstuffs, at the same time giving producers a fair return."

"The estimates of the cotton acreage by the best authorities indicate a crop of 10,000,000 bales if the weather is favorable, and the surplus from past crops is certain with only a fair yield to be large enough to prevent any harmful rise, as a yield exceeding the maximum world's consumption of American would probably cause some decline. The movement of cattle at the west is very heavy—at Chicago 10 per cent greater than last year thus far—and lard makes a new low record, with enormous stocks accumulated."

"The hardest problem of the day is whether iron and steel prices can be maintained, as they have been during the past week. The nail associations have failed thus far to win over competitors, who undersell them, and are able to manufacture 75,000 kegs, against every 100,000 by concerns in the combination. The bar association asks for iron more than the selling price for steel bars. Naturally the doubt regarding the maintenance of prices greatly checks the demand for the present, but the belief that a much larger demand is certain and will not long be delayed, is the one thing which prevents considerable decline."

"The textile manufacturers are waiting, with some cotton goods reduced still further in price, and gingham to the lowest point even known, while no increase appears in the demand. Sales of wool still fall below half the quantity required for a full consumption and prices have further declined, the average of quotations by Coates & Bros. falling below 13 cents for the first time, making the fall 47.8 per cent in five years. Clay worsteds and mixtures, fancy cassimeres, and fancy worsteds are a shade lower, the average of representative prices being 28.4 per cent lower than in the spring of 1890, against 37.37 per cent a month ago."

"Failures for the week were 234 in the United States against 195 last year and twenty-nine in Canada against twenty-five last year."

### HEAVY RAINS IN THE WEST.

Abilene, Kan., Is Inundated—Much Damage Done in Minnesota.

Abilene, Kas., June 6.—The lower portion of Abilene was inundated by Thursday night's cloudburst, when fully five and three-fourths inches of water fell. All trains are delayed, and lower Abilene is in bad shape. The rain was general over the county, and was the heaviest in years. Hail accompanied the rain and wrought much damage to crops.

Fergus Falls, Minn., June 6.—There was a tremendous rain Thursday night, the fall being 4.67 inches. The railway tracks were washed badly and all trains were late. The storm was limited to the territory between Barnesville and Alexandria, but extended north.

Atlantic, Iowa, June 6.—Atlantic suffered from a cloudburst at 6 o'clock last night. Bull creek, which runs through the heart of the city, was instantly converted into a raging river 300 feet wide. Scores of houses and barns were floated off. One woman was barely saved from her floating house with her two children. Grain has suffered most.

Jefferson, Iowa, June 6.—Heavy washouts are reported near Charter Oak and Logan as a result of the severe storm Thursday night.

### France Annexes Madagascar.

Paris, June 6.—The committee of the chamber of deputies has unanimously approved the bill making Madagascar a French colony.

## IN HONOR OF HEROES WHO DIED IN BATTLE

### MONUMENTS UNVEILED ON FIELD OF GETTYSBURG.

**Represent Generals Meade and Hancock—Built By the State of Pennsylvania and Cost Over \$100,000—Some Noted Men Present at the Exercises.**

Gettysburg, Pa., June 5.—An immense crowd of veterans of the late war and others gathered on the battlefield Friday to witness the unveiling of the splendid equestrian statues erected by the state of Pennsylvania in honor of the memory of Gen. George G. Meade and Winfield S. Hancock.

The ceremonies began with the unveiling of the Meade memorial at 10:30 a. m. by Master George Gordon Meade, a grandson of the dead hero. As the drapery fell a salute was fired by Light battery, U. S. A. This was followed by the dedicatory services conducted by George G. Meade post, No. 1, Pennsylvania G. A. R. Gen. Gobin, of Lebanon, on behalf of the commission which supervised the erection of the statues, formally transferred the memorial to Gov. Hastings, who received it on behalf of the state. An oration by Gen. David M. Gregg of Reading, the commander of the Second cavalry division in the battle of Gettysburg, concluded the Meade ceremonies.

At 2 o'clock in the afternoon the Hancock statue was unveiled. The ceremonies were much the same as at the Meade unveiling in the morning. Battery C fired a salute, Gen. Gobin transferred the statue to the state, and Gov. Hastings received it. The oration was delivered by Gen. Henry H. Bingham, a congressman from Philadelphia, who was on Gen. Hancock's staff at Gettysburg. Hundreds of Grand Army men, who attended the annual meeting at Chambersburg, stopped here on their way home to participate in the ceremonies.

Among the distinguished men present were: Maj.-Gen. Nelson A. Miles, commanding the United States army, Brig.-Gen. John R. Brooke, United States army, who commands the department of the Platte; Col. George Meade, the son of Gen. Meade; Lieut.-Col. William Brooke Rawle, and Maj. Edward Carpenter of Philadelphia, and Col. Finley Anderson of New York, who was on Gen. Hancock's staff.

Gen. Daniel E. Sickles of New York, who commanded the union left on the battle here, was unable to come. He sent a letter expressing his regret and eulogizing in patriotic language the heroes whose memory was honored.

The statues unveiled were erected at the expense of the state and cost over \$100,000. The work was begun about two years ago under the direction of a commission consisting of Gen. J. P. Taylor, president; Gen. J. P. S. Gobin and William R. Hartshorn, and Col. S. John P. Nicholson and R. Bruce Ricketts, all of whom were present today.

The Hancock statue stands on East Cemetery hill, nearly opposite the National cemetery gateway. It is ten feet high, resting on a pedestal of blocks of granite, the whole 17 feet long, 10 feet wide and 12 feet high. The horse and rider face southwest, Gen. Hancock as if directing the movement of troops on that line.

The statue to Gen. Meade stands on an elevation, west of his headquarters and quite near the "bloody angle." It is almost 15 feet high, 8 feet wide and 10 feet high. Both statues are of the best quality of bronze, of heroic size, and are about thirty feet from the ground at the highest point.

### Foreigners Buying Silver.

New York, June 6.—Silver certificates were slightly easier upon the stock exchange Friday, and the aggregate sales fell off to \$50,000 at 69 and 69½, as against transactions of \$235,000 yesterday at 69½ and 69¾. The aggregate dealings thus far this week are 456,000 ounces. The engagements of the white metal for shipment to Europe to-day foot up 1,026,000 ounces. This is the largest outgo in a single day for a long time and confirms the recent reports of a probable decided increase in the foreign demand for silver.

### New Atlantic Record Made.

New York, June 6.—The American line steamer St. Paul, from Southampton to New York, arrived in port Friday morning, making the run from the Needles to Sanday Hook lightship in six days five hours and thirty-two minutes. The New York, of the same line has held the record of six days seven hours and fourteen minutes since Sept. 14, 1894. This time was made over the short course of 3,047 knots.

### Vanderburg Loses the Race.

Portland, Ore., June 6.—An error of 146 votes has been disclosed by the official count in Linn county. This wipes out the plurality of Vanderburg (pop.) for congress in the 1st district, and gives Tongue (rep.) a plurality of 103. The republican state central committee also claim the election of Ellis over Quain (pop.) by 100 votes.

### Want Debs for President.

Cleveland, Ohio, June 6.—The Federated Association of Wire Drawers decided to affiliate with the American Federation of Labor, and endorsed Eugene V. Debs as a candidate for president of the United States.

### FIGHT GROWS BITTER.

Gold and Free Silver Factions Clash in Indiana.

Indianapolis, Ind., June 6.—The contest between the administration democrats of Indiana and those representatives of the party who are in favor of independent coinage of silver is becoming bitter. Allen W. Clark, chairman of the free-silver campaign committee, has made public a letter sent out by the administration campaign committee and marked "personal and confidential." Chairman Clark says the letter indicates that the administration democrats intend to secure proxies of delegates wherever they can by the use of means fair or foul.

The mass meeting of the free-silver people here last night brought advocates of free coinage from all parts of the state. The speakers were John G. Shankin of Evansville and B. F. Shively of South Bend. The gold campaign committee is receiving requests for speakers from all parts of the state. Ex-Congressman Bynum was sent to Peru last night. It has been settled that he can have the administration nomination for governor if the free-silver tide can be turned.

The leading representatives of the populist party in this state say time is proving the truthfulness of the statement made three weeks ago that if the democratic party adopts a 16 to 1 platform at Chicago and nominates for president and vice-president men who are in accord with the money plank, the populist party as a national organization will be abandoned. They say that the movements of nearly all the populists are now being made with that end in view. The free-silver campaign committee has figured that if a free-silver plank is put in the state platform many populists who were formerly democrats will go back to their old party.

### PLAN OF MCKINLEY LEADERS.

They Will Seek to Crowd the Tariff Question to the Front.

St. Louis, Mo., June 6.—As yet none of the leaders who are to take part in the republican national convention has arrived. Local politicians say that Marcus A. Hanna, the leader of the McKinley forces, will reach here next Tuesday and that Thomas C. Platt, who has charge of Levi P. Morton's campaign, will come two days later. Perry Heath, who will be the chief McKinley spokesman until the arrival of Hanna Tuesday has come, and is keeping the special correspondents supplied with McKinley news.

He does not deny that the plan of McKinley leaders is to force the tariff issue to the front. He says: "There are not to exceed four states which will insist on an unequivocal declaration for the gold standard. These states are New York, Maine, Massachusetts, and probably New Jersey. In the same way there are about a half-dozen silver states which will demand a 16 to 1 declaration. In a great majority of states the one issue in the campaign is protection. You cannot talk the currency question to republicans in Ohio, Indiana or Illinois. This is the great issue, and what ever the republican convention adopts as its platform will be the McKinley platform."

### Iowa Delegates Meet.

Des Moines, Iowa, June 6.—Acting upon the authority of a call issued two weeks ago by Charles Walsh, secretary of the state central democratic committee, the delegates selected at Dubuque to attend the democratic national convention to be held in Chicago, meet in this city to-day to consider opening headquarters at Chicago at an early date and to canvass and to learn the sentiment of the delegation with reference to the Boies boom for the democratic nomination for the presidency on the radical free-silver platform. The state central committee is overwhelmingly with the free-silver element of the party. The meeting will be held at the Savery Clubroom in the Savery, and will last all day.

### Bond Issue for St. Louis.

St. Louis, Mo., June 6.—Mayor Walbridge has decided that the most feasible way to raise money needed to rebuild the hospital, remodel and extend the poorhouse, insane asylum, female hospital, workhouse and house of refuge is by a bond issue. In order to issue bonds it is necessary to amend the constitution of the state. This can be done at this time only by calling a special session of the legislature to formulate an amendment to be submitted to the voters at the fall election. That being so, Mayor Walbridge has written a letter to Gov. Stone setting forth the facts and requesting him to call an extra session of the legislature.

### Honor Joseph Pulitzer.

London, June 6.—Representatives of several peace and arbitration societies gave a reception at Morey lodge yesterday to Mr. Joseph Pulitzer, proprietor of the New York World. In addition to the delegates from these societies the company included Cardinal Vaughan, Sir Lewis Morris, the Hon. Rev. Carr Glynn, Sir James Reckell, Sir Robert Head, editor of the Daily News, and Col. Henry Watterson, editor of the Louisville-Courier-Journal.

### Tornado Lost St. Mexico, Mo.

Mexico, Mo., June 6.—The loss by the tornado at Vandalia, this county, is now estimated at between \$35,000 and \$50,000. The county has given the sufferers \$760.

## J. STRONG IS DEAD AT APPLETON, WIS

### MAN WHO WAS MISTAKEN FOR ZUELKE DIES.

**Before the End Came He Made a Statement Saying That He Should Have Shot Officer Garvey if the Latter Had Not Shot Him First—Was Demented.**

Appleton, Wis., June 6.—[Special]—Joseph Strong, the man who was shot a few months ago, by Policeman Garvey, who thought Strong was murderer Zuelke, who killed Edward Davis at Markesan, died in the hospital this morning of his wounds. He made a statement before his death that he would have shot Officer Garvey if the latter had not shot him first. Strong was a little demented and had an idea that he was being followed by some one who was intent on killing him. He said he was ready to die and was glad the end was near.

### \$24,000 Fire at Marinette

Marinette, Wis., June 6.—[Special]—A fire in Hotwell's dry goods store, in the Merryman block, early this morning did great damage. The loss on the stock is twenty thousand dollars and on building four thousand. The Daily North Star was also burned out.

### Milwaukee Street Car Fired Upon.

Milwaukee, Wis., June 6.—There was another attempt made to kill the crew of a street car Friday night, and H. L. Thomas, a traveling man, who resides at the Milwaukee club, was shot in the leg. The car was one of the Wauwatosa line and was passing Eighteenth and Walnut streets, when a volley of five shots from a revolver were fired from the south side of the street. The police immediately sent out a large number of officers to scour the neighborhood, but no trace of the assailant was attainable.

### WANT THE INSURANCE.

Creditors of the Ramsay Bank After Their Money.

Carlyle, Ill., June 6.—This community is still in a state of nervous excitement following the astonishing and unlooked-for revelations of Edward P. Keshner, the expert accountant, who was employed to inspect the Ramsay bank affairs and whose report has been filed in the Probate court. Unbounded faith was given the institution by almost every citizen of the county, the deposits grew from year to year until they reached, at the time of Ramsay's death, \$133,000. The bank's capital was nothing, but its supply of confidence seemed inexhaustible.

After Ramsay's election as state-treasurer his individual account at the Ramsay bank, which previously had been overdrawn, often exceeding \$50,000, assumed an entirely different coloring. After Jan. 16, 1893, he had balances to his credit of amounts often reaching the \$100,000 mark. It is well known that Ramsay was a staunch believer in life insurance, for a man that had no capital; virtually without means, he was well insured, his policies at the time of his death amounting to \$30,000. W. H. H. Nichols and Louella Nichols, two of the bank's creditors, filed suit to recover the premiums, alleging that Ramsay was insolvent and that the premiums were paid illegally by Ramsay, claiming that he was insolvent. The other creditors have instituted suit to recover the entire \$30,000, which has been paid to the dead treasurer's family.

### MAY BE ANOTHER HOLMES.

Third Mysterious Disappearance Charged to the Rev. Francis Hermans.

Minneapolis, Minn., June 6.—Mrs. Clara Crowley of this city believes that the Rev. Francis Hermans, the Salt Lake suspect, is responsible for the death of one sister and the disappearance and probable death of another. Bertha Wanger was his first wife and she died of the grip, her malady being aggravated, Mrs. Crowley asserts, by Hermans' effort to have her declared insane. He then attempted to marry Caroline, her sister, and had great influence over her, although utterly repugnant to her. She has not been seen since the spring of 1892, and Mrs. Crowley believes her to have been murdered by Hermans.

St. Louis, Mo., June 6.—Chief of Police Harrigan and Chief of Detectives Desmond have located Hermans in a city not over twelve hours' ride from St. Louis, and those who are in a position to know, say that he is either in Cincinnati or a small town six miles from Indianapolis, where he is under disguise as a forist.

### Bradley Makes Some Denials.

Frankfort, Ky., June 6.—Governor Bradley denies that he has withdrawn as a presidential candidate and that his name will be presented to the St. Louis convention. He also denies that Chairman Barnett went to Washington to confer with General Grosvenor about a cabinet position or anything else in consideration of the withdrawal. A movement has been started for Governor Bradley for vice president.

### Lee Meets Gen. Weyler.

Havana, June 6.—General Fitz-Hugh Lee, the new consul general for the United States, had a long conference with Captain General Weyler

## JUNIORS IN COMEDY BEGIN THE WEEK

### THE GRADUATION EXERCISES ARE UNDER WAY

Performance: Was a Credit to All Concerned, and to The School and the City—Large Audience Was Present—The Events That Are Yet to Come.

**The Victorious Juniors**  
Messrs: George Barker, H. Hemmingway, John Joyce, John Pickett, Henry Scott, Everett Fisher, Wallace Steadman, Fred Palmer, Howard Ruger.  
Misses: Harriet Bostwick, Luella Croft, Katie Mackin, Genie Conway, Lulu Leffingwell, Katie Enright, Anna Cullen, Agnes Lynch, Josie Farnsworth, Jessie Metcalf, Cecie Gateley, Gertrude Skavlem, Mamie Kniff.

Janesville Juniors covered themselves with glory in their rendition of the comedy, "A Serious Family," at the Myers Grand last night. The audience was large and appreciative, and the performance was a great success. The stage settings and the costumes were complete and appropriate, and in fact nothing was lacking that would add to the entertainment. Smith's orchestra furnished the music.

To Mrs. J. B. Day and Miss Carolyn Kimball, much credit is due. Mrs. Day directed all the rehearsals, and in three short weeks had instructed the players thoroughly in their parts, while Miss Kimball had labored incessantly in behalf of the class.

**Cast of Characters.**  
The cast of characters, was as follows:

Amindab Sleek, a sanctimonious old fraud, the principal of the Serious Family...  
Lady Sowerby, by De Creamley, a close follower of the tenets of Amindab Sleek.  
Mrs. Charles Torrens, daughter of Lady De Creamley...  
Charles Torrens, formerly a "good fellow," but now a member of the Serious Family...  
Emma Torrens, sister of Charles...  
Captain Murphy Maguire, a former chum of Charles Torrens, a first rate fellow...  
Mrs. Ormsby Delman, a dashing widow...  
Frank Vincent...  
Danvers, servant of Charles Torrens...  
Graham, maid of Mrs. Ormsby Delman...  
Tessie Gibbons...  
They All Did Well.

Joseph Vankirk made an exceptionally good Captain Maguire and was accorded liberal applause as was also John Whiffen in the difficult double role assigned him. Charles Raymond had a difficult assignment, but played the part to perfection. Howard Ruger made an excellent impetuous lover, while Ralph McGuire's "Danvers" was all that could be asked.

Miss Lucy Alken impersonated "Lady Sowerby Creamley" in a very artistic manner and was as formal as you please. Miss Jessie Schofield's part was that of Mrs. Torrens and she impersonated the young wife perfectly. Miss Mabel Harper made a dashing widow. Miss Luella Conroy's part was that of Emma Torrens and it could not have been placed in better hands. As "Graham," Miss Tessie Gibbons made a very favorable impression and was one of the favorites in the cast.

The production was a credit to the class, the instructors and the school, and the receipts were about \$150.

**The Events to Come.**  
Commencement week is now under way, although no exercises will be held this evening.

Monday evening there will be short illustrated talks with experiments, lantern views, charts, etc., and some orations.

Tuesday evening the Linden Quartette will sing.

Wednesday evening the class day exercises will be held and will consist of a number of scenes portraying the humorous side of school life, besides good music, drills, and Indian club swinging. The prices for this entertainment will be 35, 25 and 15 cents.

Thursday evening the large class of fifty-eight pupils will receive their diplomas. At this time also orations will be delivered by members of the class, interspersed with music by the famous Original Tennesseans, sent out by the Redpath Lyceum Bureau. A small admission fee of ten cents will be charged on Monday, Tuesday and Thursday, which will secure a reserved seat.

Friday evening the usual alumni banquet and reunion will be held.

Lawn mowers, refrigerators, window screens and quick meal ovens—great summer comforts. We carry the best. Lowell Hardware Co.

## SAW HOWE BROTHERS QUARREL Important Witness Brought Fourth In The Howe Murder Case.

At the preliminary examination of Leroy Howe, charged with the murder of Charles Howe at Darien, a witness for the state, caused a sensation. Mrs. Mary Park, who lives near the village, on the road in which the murder was committed, testified that on the night of the murder she was awakened by the sound of angry voices in dispute. She went to the window and saw two men standing in the road whom she recognized as the brothers, Charles and Leroy Howe. Mrs. Park lives on the road in which the murder was committed, at a point between Saxton's hotel and the scene of the killing, which refutes the sworn statement of Leroy Howe that they overtook a stranger near Saxton's hotel. At 4 o'clock the state rested its case and the defendant, through his attorney, moved to dismiss the proceedings and also for his discharge, upon the ground that while the state had proven the murder, the time when, and the place where committed, it had not offered sufficient evidence to warrant the holding of the defendant, Leroy Howe, as charged in the complaint and warrant. After argument by counsel, the motion was denied. Defendant asked for time in which to decide whether he would offer any evidence in his defense.

### TO REBUILD HANOVER STORE.

Plans to Erect a Building on a Co-operative Basis.

A co-operative effort is now being made by Hanover residents, to rebuild the building recently occupied by the Kemmerer general store. A paper is being circulated and has received numerous signers, the shares being \$10 each. It is the wish to have Mr. Kemmerer return and start in business again. The insurance adjusters have so far failed to make a settlement.

### ECHOES OF THE DAY IN TOWN

C. B. MORSE is better.  
On the bum—dirt.  
WEDDING bells are still ringing.  
PEACHES are on the fruit stands.  
COMMENCEMENT has commenced.

### WARM PRAISE FOR WILL HIELD

Minneapolis Papers Speak of the Recent House Moving.

The house in which the first white child born in Minneapolis, saw the light of day, was recently moved from one site to another by the school children of the city. The "moving" was a great success, and a Minneapolis paper says:

"No one deserves more credit for the day's great success than the street railway company. On the principle that a gift horse shouldn't be looked in the mouth, many companies and people who grant the public favors are very careless about minor matters, thinking that since something has been given for nothing, there should be no discontent with what is given. The street railway company afforded a most gratifying contrast yesterday to this sort of thing. In the first place the company gave its consent to assist in the scheme most heartily. After that the work of preparing for it devolved upon General Manager Field. That competent official prepared for the task of moving nearly 10,000 school children for nothing as if he were getting a dollar apiece for transportation. His plans worked out on time to the minute. It was a gratifying sight to see car after car of shouting, gleeful children hurrying to the Minnehaha line from all parts of the city with the most surprising regularity and celerity. It was simply wonderful. Nor should the careful motormen and kindly conductors be overlooked. The conductors were very gentle with the children, and the motormen handled the cars as carefully as though they were toy carts. When it is said that these thousands of careless youngsters were moved without a single accident, both to and from Minnehaha Park, that after the relays had had their turns they piled onto the first car helter-skelter, the best tribute has been paid to the street railway company. The service on the Minnehaha line was superb all day. The returning crowds of picknicking children and sightseers were disposed of in good shape."

SUB-COMMITTEE HARD AT WORK

Probable Report On Wisconsin Public Buildings To Be Made.

A Washington dispatch to the Milwaukee Sentinel says the sub-committee of the house committee on public buildings and grounds is rushing work in order to complete favorable reports on the public building bills. The committee expects to make favorable mention on several bills for buildings in Wisconsin, Janesville, Fond du Lac, Green Bay and Eau Claire, being already agreed upon to be reported and it is probable that reports will also be made in favor of new buildings at West Bend, Wausau, and Marinette, but as to all of these the details are not completed. It is safe to say, however, that the full committee will report none of these bills to the house at this season.

## THOSE FLOWERS NOT FOR THEE

Every morning, as I sadly walk alone upon the street,  
With faint and trembling heart, heavy aching feet,  
I pause one moment on the corner, to breathe one blissful sigh  
While I gaze at the dear flowers that in their beauty lie.  
The memory of the roses and lily of the valley,  
Chase away the sorrows I meet with in our daily life,  
They cheer my lonely heart as I work, day after day;  
And give me strength and comfort as I kneel down to pray.

O, how I love those flowers! Could I but have just one—  
There are so many of them, blooming sweet beneath the sun.  
I am told, that on the hill-tops one may pick them free;  
And yet my heart still whispers, "Those flowers are not for thee."

The violet and the wild wood ferns I know they must be out;  
The daisies and the dark blue-bells scattered all about;  
Yet I must not shed these tears or think of what might be,  
For my heavy heart still whispers, "Those flowers are not for thee."

After my work is over, and I sit me down to rest  
The only comfort left me yet I'm sure that I am blest  
Is mother's dear old bible, I read its pages oft  
Then I seem to feel her gentle hand pressing mine so soft.

As I stop to grasp more firmly the hand that lies in mine,  
I hear her whisper plainly, child those flowers shall be thine,  
Every page within that book will comfort to thee bring,  
Be guided by its precepts and ever to them cling.

And so I calmly fall to sleep dreaming of her still,  
I see bright blossoms everywhere, they seem to bloom at will,  
My nights are just as blissful as though I was an heir  
To all this world can give with all its jewels rare.

But still I stop to see the flowers each morning just the same,  
I careen them for a moment and call them each by name.  
Then at night I close my eyes, mother's hand steals into mine  
Her dear lips whisper faintly "those flowers shall all be thine."

### MAY WAS A VERY WET MONTH

Rainfall Aggregated 6.31 Inches, Nearly Three Times That of a Year Ago

The total rainfall in May was 6.31 inches, nearly three times as much as in May of last year, 2.16. The largest amount in any one day was on May 1, when 1.28 inches fell. May 27 was next, 1.22 inches, while 1.11 inches fell May 13—more in either two of these days than during the entire month last year, May, 1896, closed cooler than it opened, the variation May 1 being 58 to 72 degrees, May 31, 50 to 70 degrees. The highest temperature during the month was 83 degrees, on the 7th, 9th and 12th, the lowest 49 degrees, on the 19th and 20th.

### Nerves

Are the Messengers of Sense,—the Telegraph System of the human body.

Nerves extend from the brain to every part of the body and reach every organ.

Nerves are like fire—good servants but hard masters.

Nerves are fed by the blood and are therefore like it in character.

Nerves will be weak and exhausted if the blood is thin, pale and impure.

Nerves will surely be strong and steady if the blood is rich, red and vigorous.

Nerves find a true friend in Hood's Sarsaparilla because it makes rich, red blood.

Nerves do their work naturally and well—the brain is unclouded, there are no neuralgic pains, appetite and digestion are good, when you take

# THE OVERFLOW OF LOCAL NEWS.

## POLLS ARE OPEN FOR C. E. BALLOTS

CONDITIONS ARRANGED BY  
LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month.

Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote.

Cut out the coupon (trimming on the dotted lines.) Write in the name of your candidate, and send to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates.

The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 500 votes.

New subscriber paid in advance one year, 1,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

## WASHINGTON COUPON.

ONE VOTE FOR

The person receiving the most votes between June 1 and July 1, will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

A. L. Wooster, a prominent citizen of Osseo, Mich., after suffering excruciatingly from piles for twenty years, was cured in a short time by using DeWitt's Witch Hazel Salve, an absolute cure for all skin diseases. More of this preparation is used than all others combined. C. D. Stevens.

Young mothers dread the summer months on account of the great mortality among children, caused by bowel troubles. Perfect safety may be assured those who keep on hand DeWitt's Colic and Cholera Cure, and administer it promptly. For cramps, bilious colic, dysentery and diarrhoea, afford instant relief. C. D. Stevens.

Eczema is a frightful affliction, but like all other skin diseases it can be permanently cured by applications of DeWitt's Witch Hazel Salve. It cures all to cure piles. C. D. Stevens.

## NONE NEED FEAR IT.

The Pyramid Pile Cure Cures the Most Aggravated Cases of Piles with Absolute Safety.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the itching or burning. Thousands who had resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who had spent months in a hospital under a pile specialist.

It is a remedy that none need fear to apply even to the most aggravated, swollen and inflamed hemorrhoidal tumors.

If you are afflicted with this stubborn disease you can master it and master it quickly. This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co., of Albion, Mich. Druggists sell it at 50 cents per box. It is becoming the most popular pile cure this country has ever known and druggists everywhere are ordering it for their customers.

## SEASON UNUSUALLY ADVANCED

Lawns Are Green and Crops Are Growing Rapidly.

At no time in years has the city looked quite so fresh and beautiful as at the present time. Lawns which a year ago had a dull, dead appearance, or were kept green only by the most persistent play of the garden hose, today look rich and thrifty in their thick coating of grass. The trees, shrubs and flowers are in keeping with the condition of the grass. Garden truck is much farther advanced, and gives promise of better results than it has for years at this season. Out in the surrounding farming country the condition of the crops is equally good, with the exception of the meadows. The fields of oats, barley and wheat look luxuriant, the grain standing thick and tall and having a rich color. The rye is well headed and is of a good height, though in many fields the unevenness of the grain is very marked. Unless some pest attacks it, or some blight strikes it, rye will be an excellent crop this year. Meadows do not appear to be very thrifty as a rule. It was almost impossible to get grass started during the past few years, and the old grass lands which have been broken up have been retained. The dry springs just past have been poor years to get grass seed to "catch," and if by chance it did catch fairly well, as soon as the grain with which it was sown was harvested, it soon killed out with draught. Another month though, may make a vast change in the appearance of the meadows. The corn crop, too, has a good start, in ordinary seasons, the first of June finds the corn just about all planted, while this year a great deal of the corn has already been given its first cultivation and stands a couple of inches high. Potatoes are up nicely, also. In regard to the entire crop of small grains, corn and potatoes, farmers say that the season's growth is about two weeks ahead of that of previous years. They have hopes that by July the hay crop will have improved vastly on its present condition.

## A Dumb Man

Even if attacked by foot-pads cannot cry out for help.

Some people can cry out louder than others. The same is true in a man's body. If the lungs are sick, they call attention to it with a cough.

The Heart, when diseased, pounds away against our ribs.

The Bowels notify us with pain at diarrhoea.

The Brain and Nerves with headache and pain.

The Kidneys are dumb.

When they are sick (at first at least) there are usually but a few unimportant symptoms, and the consequence is that we neglect them.

Dr. Hobbs' Spastic Kidney Pills are what they need, and we ought not to wait till the last ditch is reached before we use them.

A Little Headache, a Little Nausea, Pain or Soreness in the Back, Restlessness at night, Dull Brain, Failing Eyesight, may be the only call for help your Kidneys can give.

FOUND—A small purse, with a few dollars. By proof, will be restored. John Galletly, Jackson street.

LOST—On Milwaukee or Jackson streets, a package containing ladies' underwear and a price list of the Lewis Knitting Co. Leave at factory or Gazette office.

STRAYED OR STOLEN—From barn on Jackson street, this morning, a large chestnut horse, weighing about 1400 pounds. Please notify Rock River Cotton Company.

1813—James Lawrence, naval officer, died on the Chesapeake; his last words, "Don't give up the ship."  
1844—The Young Men's Christian association founded in London. Organizations of Christian young men have existed in all Protestant countries for 200 years. The modern English speaking associations began by a meeting of clerks in a London mercantile house in 1844, organized by George Williams, a clerk. The movement started by Williams developed into the first permanent associations. It was soon imitated in the great cities of the kingdom. Montreal formed one after the London model in 1851, and Boston soon followed. The civil war retarded the growth of branches in the United States, but at its close, or in 1863, a new impetus was given to the movement, and in ten years there were 700 associations, with a membership of 100,000. The associations in the United States and Canada are affiliated in an international convention, organized in 1854.

1861—Count Camille Bours de Cavour, statesman, died in Turin; born there 1810.  
1891—Sir John McDonald, premier of Canada, died; born 1815.

## AN EARLY CONVENTION.

Wisconsin republicans will hold an early convention this year, in keeping with the example set two years ago. August 5 is the date set. C. A. Lamoreaux of Ashland, has been selected for temporary chairman and there will be 680 delegates. In 1895 there were but 345. The call reads as follows: Headquarters Republican State Central Committee. The Hotel Pfister, Milwaukee, June 6, 1896.—To the Republican Electors of Wisconsin:

By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee, on Wednesday, the 5th day of August, 1896, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin, and all voters, without regard to past political affiliations, who believe in republican principles and who propose to support the republican ticket at the coming general election, are cordially invited to unite under this call in sending delegates to said convention.

In accordance with resolution recommended by the state convention and formally adopted by the state central committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the state central committee by the chairman and secretary thereof; in all other cases, delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all conventions to elect delegates to the State convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days; and that notice of the meeting of such convention or caucuses shall be given in the usual manner.

As the State Central committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central committee headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COE, Chairman.

JOHN M. EWING, Secretary.  
Rock County's representation under the terms of the call is as follows: First district, 9; Second district, 8; Third district, 9.

## GOOD SENSE AMONG DOCTORS.

The trend of discussions at the state medical society meeting in Madison, showed how present day medical practice is turning toward common sense. The questions which received most attention were those of sanitation, sewerage, quarantine, clothing and allied subjects.

Preventive treatment is coming to be more and more demanded by intelligent people, who do not see why they should not have the benefit of their doctor's erudition for the purpose of keeping well as much

as for the purpose of getting well. The movement does not mean loss of prestige or importance to the profession. On the contrary the increased stress laid upon the scientific conduct of life makes the man who has given the subject his special attention, far more important than he whose office it was to relieve suffering when it had gone too far to be endured.

Most people are too busy to acquire more than a very superficial knowledge of the subject of hygiene. Their instruction in this matter comes very properly from the physician who has given time, money and experiment to the pursuit of such knowledge. The world can continue to grow healthier for a century or two without any loss of prestige for the doctor. And no more convincing proof of scientific progress and soundness can be needed than this spectacle of a body of physicians devoting their conference to the consideration of ventilation, drainage, clothing and food instead of to the eccentricities of disease per se.

## LEFT IN THE LURCH.

Quay is settled nicely in a corner of the McKinley wagon, but what of his friends? They get no comfort out of the assurance that his name as a candidate will not be withdrawn until the second ballot. It was not for a nominal candidacy they were fighting, and the indications are that there will be no second ballot. What an end to all their bluster, when their chief tells them he never was anything but a friend of Mr. McKinley's and is not grieved by his success. There is not even the poor comfort that they will have a lesson which will be of use to them. They have been treated in the same way more than once, and learned nothing by it. He has sent them bellowing down the field on some cry it suited him to have raised, and then flogged them into silence the moment it suited him to have them stop.

"He cast off his friends like a huntsman his pack, For he knew when he pleased he could whistle them back."

When Milwaukee strikers resort to ambushes and similar desperate means there is need for all the strength Sheriff Stanley can muster.

It is hoped Janesville's visitors next week will not overlook the new planks which the C. & N. W. has generously placed in the depot platform.

Janesville's public building bill makes encouraging progress.

## BREAK ALL RECORDS ON WOODMEN'S DAY

ATTENDANCE WILL BE LARGER  
THAN EVER BEFORE.

Big Crowd Assure! By the Present Contracts, and More Are to Come—Reception For the Head Officers at Castle Hall—Railroads To Send Expert Crews.

"Never in the history of the picnic association, have the prospects been so good for a record breaking crowd," said a local Woodmen today. Never have so many camps made arrangements to come so long before the event. They will be here in thousands.

And he spoke the truth.

District Passenger Agent James Gibson, of the C. & N. W. road was in town today. He says that he has made contracts for 112 cars up to date and that many contracts are not yet closed. 112 cars will carry ten or eleven thousand people, so that number have already contracted to come over the C. & N. W. line. This includes only those who had made up their minds in advance and does not figure in the many people who will decide to come at the last moment. In all probability the C. & N. W. road will bring fifteen or twenty thousand people to Janesville on Wednesday. The St. Paul road will carry about the same number, so it will be seen that the attendance will be phenomenal. Half a dozen or more specials are now engaged on the latter line, and the regular trains of both roads can bring a large number of people from the towns nearer Janesville.

Reception For Head Officers.

A reception will be given the head officers after the exercises at the court house park in the afternoon. The head officers of all the camps will be the guests, and they will probably be about 100 in number. The event will occur in Castle hall, the Knights of Pythias having kindly donated the use of their rooms.

Workmen are now busy, building the speakers' stand in the rear of the court house, and two drinking stands have been built over the hose plugs in the park, so that drinking water can be had in plenty.

The railroads will both send crews of expert switchmen here on Monday and Tuesday, to take care of the trains. Yardmaster Griffin will be in charge of the Chicago & Northwestern crew, while Yardmaster Bidwell will see that no accidents occur in the St. Paul yards. The railroad companies will spare neither work or expense in preparing for the event.

Broadhead Is In Line.

A special train has been secured to accommodate the Broadhead people. It will leave there at 9:05 a. m. and returning, leave Janesville at 10 p. m. Round trip tickets sold for 60 cents. All people getting on the train without a ticket will be charged full fare.

Alexander Camp, of that place, has opened headquarters at the Congregational church, where meals will be furnished at twenty-five cents. The neighboring camps in the vicinity of Broadhead and their friends, also the citizens in general of Broadhead who attend the picnic, are cordially invited to join with Woodmen and share the accommodations with them. The tables will be kept in waiting for the Broadhead people and those who join with them, and all will be served promptly.

Madison will send fully 500 people, headed by a large delegation of Banyon Camp, No. 363. Leaders' famous band will accompany the Madison contingent. A special train has been engaged for the occasion, which will leave East Madison via the Chicago & Northwestern railroad, at 7:45 a. m., returning, will leave Janesville at 6:30 p. m.

Beaver Dam People Coming.

Beaver Dam's delegation will get a long ride for their money. Three carloads of Woodmen and their friends are expected here, but in order to reach the Bower city, they are compelled to leave home at 2 o'clock in the morning on a freight train. At Minnesota Junction their cars will be attached to a passenger.

The Woman's Auxiliary of the Y. M. C. A. never do anything by halves. Their plans for open house at the new building for June 10 are all perfected. A thorough checking system for all visitors is being provided, guaranteeing the safe keeping of all baggage at a very small expense: 5c for single parcel and 10c for three or four parcels together. The large auditorium, lecture hall and the first floor will afford rest for all who come. Draping and furnishings throughout the building will be attractive and interesting. Visitors bringing lunch will be welcome to the building, where they can partake of their lunch with comfort. Tea and coffee can be secured in the building; also lunches will be provided for those who do not bring their own, at a small price. Sandwiches, dainties, tea and coffee, ice cream and cake will be served to those who wish it. All visitors will be welcome to the building as a resting place and for inspection. A reception committee will be present all day and evening.

Royal Neighbors' Headquarters.

The Royal Neighbors of America have secured the use of the big rink now occupied by C. H. Belding. The farm machinery dealer and will serve meals and lunches at 25 cents and under each. This will be the headquarters for the R. N. A. who come to the picnic, and the ladies are making preparations to care for a large number of people.

THE big Modern Woodmen's picnic comes soon and every Woodman should have an emblem pin or charm. A. F. Hall & Co. the "reliable jewellers" have a big lot. They buy directly from the manufacturers and are satisfied with a very small profit. Almost no profit at all, in fact.

TONIGHT (Saturday) between 7 and 8 o'clock we will have on sale 200 veils in lengths 3 yard to 1½ yards, values of which are from 25 cents per yard up. The uniform price for a choice will be 12 cents. Also during same hours we will sell a big line of shirts at 39 cents. It will pay you to come down at 7 o'clock tonight. Archie Reid & Co.

## SHOW PUPILS' WORK ALL NEXT WEEK

FREE EXHIBITION AT THE NEW  
HIGH SCHOOL.

Parents Invited to Come and See What the Children of the Bower City Can Do—One Thousand Scholars' Work in Art, Science and Handicraft.

Work done by the deft fingers of 1,000 pupils in the schools of this city will be on exhibition at the new High school building beginning Monday morning.

The exhibition will be free and will include samples of the work done in the different grades in the science, art and manual training departments. It is the first exhibition of its kind ever given in the city and will show what is being done in these departments which are now included in the High school course. Such departments are a leading feature of work in many of the principal schools of the country and all Janesville people should view the showing.

The work of arranging the exhibits was about completed today. The display will be made in the large halls on the second floor—pictures being placed on the walls and manufactured articles on tables.

What the Show Includes

The "science section" will include all classes of work from the chemical laboratory, as well as the results of the study of physics and botany. The manual training department will include all mechanical drawings, while the art section will be devoted to the drawings made by pupils in all the different grades in the city.

Prof. Mayne said today that the object of exhibition was to show the general public the proficiency that the pupils are attaining in these lines of work, and let parents see for themselves what their children are learning. The doors will be open all the week, but the suggestion is made that Janesville people view the show either before or after the Woodmen's picnic, as the building will doubtless be crowded with people on that day.

C. D. STEVENS' HANDSOME STORE

Well Known East Side Establishment in New and Attractive Guise.

C. D. Stevens received his friends today in the handsome drug store in Wisconsin. Not even Milwaukee shows a more perfectly appointed establishment than that in which he did the honors as host today. The store at the corner of Milwaukee and Main streets has been changed in appearance greatly in the last few weeks. Not a vestige of the old fixtures remain. The Enterprise Fixture Company, of Chicago, experts in drug store furnishing, were given carte blanche in remodeling the interior; and proceeded to create a picture in quarter-sawn oak and plate glass. As the store now stands, every show case rests on red Georgia marble, and is plate glass from the floor up, giving greatly increased storage room, and keeping goods in attractive shape. The corners of the cases are oak pillars.

All the wall cases are paneled with bevelled glass; those in the front half of the store are backed with mirrors. The prescription case is a massive one the front being formed of a large bevelled plate mirror. In every part of the store attention has been paid to beauty as well as convenience.

There were flowers and ferns in the windows and along the cases today in honor of the formal opening. The soda fountain fizzed merrily and fizzed without charge, for free soda was the rule all day. With the thermometer at 90 such an attraction was hard to resist, although the store itself was quite attractive enough to draw a crowd.

RENT MOLE'S GROVE

USE OF THE GROUNDS TO BE FREE TO ALL.

Seats, Swings, Etc Will Be Provided, and No Charges Will Be Made To Any Who Desire To Visit The Grounds, Whether They Ride on The Cars or Not.

Janesville is to have another free public park.

"Mole's grove" has been leased by the street railway company, and will soon be thrown open to the people.

No charge will be made for the enjoyment of the cool shade, and all persons have the right to make it their "breathing place."

A lease has been drawn up and signed, and the car company is now in control. Superintendent Cummins says that the company will soon make improvements in the way of building seats, swings, etc. The use of the grounds will be open to all, whether they ride on the cars or not, although the object is to swell the company's receipts, by carrying people to the grounds. All picnic parties can use the grove free of charge, and the cars can be run to suit their convenience.

"Mr. Blabon authorized the move because of the liberal patronage accorded the line," said Superintendent Cummins. "He is willing to spend a reasonable amount of money in return for receiving the same. If business prospects had not been good, the lease would not have been signed. The improvements made, will not be very expensive, but they will add much to the comfort of the people, who go to the grove. We shall do our best to accommodate all who desire to use the grounds."

## DON'T CHANGE YOUR NECKTIE.

Danger of Catching Cold: Reason of Such an Insuperable.

"You would be surprised, I suppose," said an uptown physician, "if I told you that a large percentage of the cases of cold on the lungs or in the bronchial tubes that I've had this winter are directly traceable to the fashion in neckties, but that is the fact. I first got an inkling of this from the case of a well known club man here, who passes so much time changing his clothes every day that he doesn't get a opportunity to do much else. He's a pretty hard fellow, however, and I was considerably puzzled when, with the beginning of the cold weather, he developed a hard cold, and followed it up with another and another and another, so that finally he had a narrow shave from developing pneumonia, and I told him so. I suggested that his frequent change of clothing was probably the cause, and under protest he finally agreed to wear the same suit all day. It was of no use; within a week he was back with his old cough. He said that his coats were all of equal warmth, anyhow, so changing them couldn't account for it. When I was nearly ready to give up the puzzle, it happened that I met him twice in one day, and got the solution. In the morning he wore a big puff scarf, in the afternoon a little bow tie. I got him into my office and gave him a lecture, at the conclusion of which I asked him:

"Do you expect to wad a lot of warm silk over the most sensitive part in your chest in the morning and take it off in the afternoon, substituting a mere wisp, and not feel the effects?"

"I never thought of that," he said, "I'll try sticking to the Ascot scarf for a while."

"He did, and hasn't had a cold since. Now when a man comes to me with a cold on his lungs I prescribe a heavy silk Ascot scarf for him. It is the best chest protector out. And, by the way, if you're anxious to take cold, another excellent way is to change from a tall standing collar to a turnover one. That's calculated to make trouble in the throat. I tell you, women's stays and tight boots aren't the only inventions of fashion that help us doctors make a living."

## FASHIONABLE FANCIES.

**Black Zouave Jackets, Trimmed With White—Belts of the Season.**

Roumanian blouses, such as are worn by the natives of Roumania, have become fashionable. They are of white cotton material and are lavishly adorned with cross stitch patterns in scarlet or scarlet and blue thread. The more elaborate designs have gold sequins intermixed. Accordion plaited overskirts in the same style have wide bands of embroidery all around the lower edge and up the fronts when the overskirts open over petticoats.

Zouave coats in black velvet have an applique trimming of white cloth edged with gold braid and dotted with sequins.

BENGALINE COSTUME.

Bands of Roumanian embroidery on cloth can be purchased by the yard and are very effective for vests and trimmings. They are easily adapted to fashionable costume, now that brilliant trimmings are in so great vogue.

Many very attractive alpaca gowns are seen made with a coat and skirt. The coat is lined with elaborate brocade and opens over a white skirt more or less fur-bowed. There is very often a corslet of black silk, satin or moire, and a black tie is worn. A novelty is a full cravat of chiffon of a vivid color.

Belts are much worn this year. Scarlet leather ones are a novelty that is very attractive with outing and morning costumes. Belts are of all grades, the most expensive being of filigree gold, studded with jewels. There are very pretty imitations of these costly articles, and the imitations are in better taste for out of door wear than the originals, but the latter are in no danger of becoming common.

A sketch is given of a toilet of steel gray bengaline. The bodice is richly embroidered with steel, gold and red silk, the embroidery forming a tablier and extending in a border around the foot of the skirt. The bodice is similarly embroidered and has a lace collar and cravat. The sleeves consist of a double balloon of cream silk gauze, finished with a frill of lace.

## CHILDREN'S CLOTHING.

**Scoop Bonnets For Little Girls—Simplicity of Costume Most Desirable.**

All fancy wool goods of bright and light colors are employed for children's wear; also taffeta, foulard, surah and satin mervilleux. Then there are batistes, plain and printed muslins and embroidered lawns. Mohairs must not be omitted from the list of juvenile fabrics, for many pretty as well as serviceable gowns are made of this brilliant and durable material.

Very small children are dressed much alike without regard to sex. Sometimes the frocks worn by boys are a little less full, the blouse is longer, and less trimming is used, but it is quite permissible to clothe tiny boys and girls in the same

GIRL'S COSTUME.

way, except in the matter of headgear. Scoop bonnets are confined to little girls' wear, boys having sailor hats or caps or some other simple form. The scoop bonnet has been very happily revived. It is picturesque, and it shades the eyes and face from the sun and protects them from the wind. It is trimmed profusely with plaited gauze or silk. The crown is of lace or guipure over silk or of silk, the brim being of lighter material, ruffled and puffed. These elaborate ones are adorned with large silk or ribbon bows or clusters of ostrich tips, but plainer bonnets are composed of batiste or muslin and are quite as becoming to the little wearers as the more costly ones and much more suitable. Simplicity of material and style and exquisitely fine finish are the most perfect taste for very little children's garments. It is a great pity that climate and convention require them to be clothed at all, but they are so graceful and beautiful; but, since they must be covered, let the covering distract the eye from their natural loveliness as little as possible.

A sketch is given of a costume for a girl of 14 years. It is of Scotch plaid, with a light ground. The skirt is trimmed with a narrow drapery of blue velvet, held in place by bows of velvet. The full bodice is crossed in front and mounted on a yoke of white guipure, which is low at the shoulders. The full sleeves, of plaid, are of elbow length and terminate in a frill of guipure. A blue velvet ribbon outlines the yoke and is gathered into a ruche across the shoulders. The belt and collar are also of velvet.

## Not an Inducement.

Col. Carter was negotiating for the purchase of a farm, and the agent was commenting on the advantages of the property he had for sale.

"One great feature of this farm," he said, "is the water. There is one of the best wells in the state there. The water has been analyzed over and—" "I have no doubt, suh," said the colonel, "that it is a good well. But I don't think I shall keep any live stock."

—Washington Star.

## A Complication.

Enumerator—Married or single? Madam—Married—twice. Enumerator—Husband living or dead?

Madam—My first husband is living. The second one is dead.

Enumerator—Come, come, madame, no trifling.

Madam—I am not trifling. I am a divorcee by my first husband and a widow by my second.—Day City Chat.

## Justifiable Homicide.

"Now, prisoner," queried Justice Gruff, "How comes this person dead?" "He asked me if 'twas hot enough."

"Discharged," the justice said. —Kansas City World.

## LOVE INDEED.

Angelica—Claude, darling, when we get rich we'll buy each other's pictures. —Punch.

## The New Comer.

The laurel leaves the author's brow; No more his pathos can prevail; 'Tis the thermometer which now Tells us a truly melting tale.

## Reduced Rates to Washington.

The Young People's Society of Christian Endeavor will hold their annual meeting in Washington, D. C., July 7 to 13.

For this occasion the B. & O. R. R. Co. will sell tickets from all points on its lines, west of the Ohio river to Washington, at one single fare for the round trip, July 4 to 7, inclusive; valid for return passage until July 15, inclusive, with the privilege of an additional extension until July 31 by depositing tickets with Joint Agent at Washington.

Tickets will be sale at stations of all connecting lines. Delegates should not lose sight of the fact that all B. & O. trains run via Washington.

## Low Rates To Cleveland.

The Nobles of the Mystic Shrine will meet at Cleveland, June 23 and 24.

For this occasion the B. & O. R. R. Co. will sell tickets at reduced rates from all points on lines west of the Ohio river, for all trains of June 21 and 22, valid for return passage until June 25. The fare from Chicago will be \$8.50 and correspondingly low rates for all other points. Tickets will also be on sale at all points throughout the west.

The B. & O. is the only line running Pullman sleeping cars between Chicago and Cleveland.

Why is one woman attractive and another not? The most admirable and attractive thing about an attractive woman is her womanliness. Every body admires a womanly woman. She must have health, of course, because without it she would lose the brightness of her eyes, the fullness of her cheeks and her vivacity. Real health means a womanly woman. That she is strong and perfect in a sexual way, as well as in every other. That she is capable of performing perfectly the duties of maternity. Some are born with what is called "constitutional weakness." Those who do not enjoy perfect health, need only take Dr. Pierce's Favorite Prescription will cure any derangement of the distinctly feminine organism. Sold by druggists.

## TIRED SALESWOMEN.

EMPLOYERS SHOULD BE MORE CONSIDERATE.

Interesting Statement by a Young Lady in Brooklyn.

In the vast retail establishments of large cities, many women are employed as saleswomen.

Men formerly held the positions that

women now hold, and while women's organization is less strong than men's they are expected to do the same work. Their duties compel them to be on their feet from morning to night, and many of them, in a short time, contract these distressing complaints called "female diseases."

Then occur irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, general debility and nervous prostration.

They are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness.

In such cases there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. The following is a sample:

"My dear Mrs. Pinkham:—After writing you, and before your answer came, I was too miserable to go to the store, and so lost my position. That was five weeks ago. I am now back again in my old place, and never felt so well in all my life. The bearing-down pains and whites have left me, and I am not a bit nervous or blue. Life looks brighter to me. I don't get tired, my temper is real sweet, and I could scream right out sometimes for joy. Your Vegetable Compound is my stand-by. You don't know how thankful I am to you for saving me from suffering. Every woman in my position should know of your wonderful remedy. I never saw you, but I love you for being so good to me."

MRS. M. L. COLGROVE, who has opened dressmaking and hair-dressing rooms over Sherer's drug store, has filled a jar with dress buttons of varying designs and offers to make a dress free for the lady who guesses nearest to the number of buttons in the jar. A dress will be made at half price for the lady whose guess comes next, and a reduction of one-third on a dress will be the third prize. The jar is in Sherer's window and guesses may be registered in Mrs. Colgrove's rooms upstairs.

Do not understand that we intend to sell fans at a two dollar loss, for that is not the way we do business,—but a big purchase, in fact two big purchases of the sample lines of two New York importers puts us in a way to announce the greatest Fan sale ever known in town, and the uniform price at which we shall offer upwards of half a thousand Fans, of Gauze, Silk, Satin and Feathers, worth to \$3, is... \$1.00

The next best line, which will include the finest Fans in the line—Fans which would be ordinarily sold up to four dollars, and among which are some very fine ostrich feather Fans..... \$1.50

A line of the lower grades will be on the counters at special prices, beginning at..... 50c

IN the above lines is a liberal showing of Empire Fans, so much in vogue.

Sale starts Tuesday morning, June 2nd, and should be of particular interest to graduates, as well as to every lady who loves the beautiful.

Persian Parasols-- Made of warp printed silks, in new Persian patterns, white paragon frames, natural wood crook handles, no prettier Parasols in Janesville; extra values at..... \$1.69

If you should see these with a three dollar mark on they would look about right, but at \$1.69 they are positive bargains.

Shirt Waist Sets-- Link Cuff Buttons, Collar Button and three studs, pretty designs, the complete set..... 10c

Compare them with sets you have paid 50c for.

#### Results of Yesterday's Games in the National League.

Cleveland again routed the Baltimoreans at the latter's home. Tebeau has Hanlon's men thoroughly cowed—that is apparent. Pittsburgh again loses a game in the last inning. Killen and Hawley are two of the faintest-hearted pitchers who ever went on to a ball field. Scores of yesterday's games:

#### Last in Paris.

An Englishman who could not speak a word of French had a hard time getting about in Paris, until one day, a friend told him to buy a pocket handkerchief on which was printed a map of the city. He did so and was delighted with the result. One afternoon, however, his friend came across him, seated on the steps of the Bourse and weeping most bitterly. He was surrounded by an interested crowd of natives. As soon as he saw his compatriot he jumped up, and, throwing his arms around his neck, cried:

"Thank heaven! Thank heaven!"

His friend demanded an explanation. He drew out the map handkerchief from his pocket and tore it savagely into little pieces. Then he explained. It seems he had started out early in the morning, relying implicitly on the map handkerchief. Then suddenly he had developed an influenza cold of the severest nature and—well, the wretched thing was not printed in fast colors, and he was completely lost.

#### How to Clean Kid Gloves.

Clean kid gloves with naphtha; put them on the hands, rub with flannel dipped in naphtha, and then wipe dry with a clean piece of white flannel. Remove the gloves and hang them up in the air. The first steps in renovating are uninteresting, but must be done well or the after results will be far from satisfactory. Silk embroidery may be cleaned with a camel's-hair brush and spirits of wine. Prepare to do the task well or do not commence it. Be careful of explosive cleaning fluids, like benzine, naphtha, or alcohol. Always air good after cleaning them in a fluid of strong odor.

## BICYCLE SHOES AS EASY AS GLOVES

To be comfortable while riding you must have shoes made for the purpose. The arrangement of vamp sole and lacing must be perfect. Bicycle Shoes for every day wear, however, afford wonderful ease to sensitive feet. They prove very satisfactory, too, for golf and other games where much walking is necessary. No Bicycle Shoe has ever stood the test the way the "Ball Bearing" has.

### Three Nobby Ones For Men—

**OX BLOOD CALF**—Made of the highest quality stock, with black lacings and lace holes. The top notch of style.

**TAN CALF**—The natural color of the leather. Cool looking and as flexible and easy as kid.

**BLACK CALF**—These are preferred by some to the tan. We meet all tastes. The leather in these Shoes is the famous "Prince of India," tough as belt lacings. We honestly believe there is no better Bicycle Shoe made. We have all widths.

Nelson, the winner of the Chicago Road Race, wore "Ball Bearing" Shoes.

### Great Assortment For The Ladies...

All the prettiest styles are in our stock this year. Easy and well-fitting Bicycle Shoes for ladies—the element of beauty not neglected, either. What would you like? If it is new we have it.
